Lyrics – Zhuggah:

[VERSE 1]

Suck it up
With the boys
Get the keys, what you waiting for?
At the bar sign, I see the maiden
Oh, don't you think she need some saving?
So how you doing baby?
How's it rolling lately?
I've been thinking about our past
Can I call you maybe?
I guess you wonder where I've been

At a bottom of a glass, soaking up a little courage again

[CHORUS 1]

I can't stop, I've been thinking about you
Yelling being mad, I've been dreaming about you
Zhuggah, zhuggah, zhuggah
I've got a bite at the cherry, and the cherry is you
Cause I can't stop talking about you
Telling all the boys, I've been thinking about you
Zhuggah, zhuggah, zhuggah (yeah, yeah, yeah)
The sweeter the berry, the sweeter the juice

[VERSE 2]

Won't stop, I have to rearrange
Theres something in the orange
Something that I can't change
A rattling migraine that makes me cramp up
To hit another swing
Hey baby
I saw your post
Big brain trophy, being curvy where it matters most
I guess you know where I've been
At the same place, wasting my super brain

[CHORUS 2]

I can't stop, I've been thinking about you
Yelling being mad, I've been dreaming about you
Zhuggah, zhuggah, zhuggah

I've got a bite at the cherry, and the cherry is you
Cause I can't stop talking about you
Telling all the boys, I've been thinking about you
Zhuggah, zhuggah, zhuggah (yeah, yeah, yeah)
The sweeter the berry, the sweeter the juice

[BRIDGE]

Oh, I'm stuck in a spiral
You have to bring me out alive

[CHORUS 3]

I can't stop, I've been thinking about you
Yelling being mad, I've been dreaming about you
Zhuggah, zhuggah, zhuggah
I've got a bite at the cherry, and the cherry is you
Cause I can't stop talking about you
Telling all the boys I've been thinking about you
Zhuggah, Zhuggah, Zhuggah (yeah, yeah, yeah)
The sweeter the berry, the sweeter the juice
