Moody's Ratings (Moody's) on 16 March 2026 affirmed Entra ASA's (Entra) long-term issuer rating of Baa3. The outlook for Entra was changed to positive from stable.

According to Moody's, the positive outlook reflects Entra's enhanced operating performance in recent years, alongside a consistent strategy of protecting credit metrics through the divestments of non-core assets and reduction in dividend payouts. As a consequence, credit metrics have gradually strengthened and are expected to improve further as reflected in the positive outlook.
