(Oslo, May 20, 2022) StrongPoint, a leading grocery retail technology provider, is proud to announce that Interspar Austria has purchased an additional 10 grocery locker installations to scale its grocery e-commerce click and collect offer.

This order is for 9 stationary and 1 mobile grocery locker. The mobile locker will be used by Interspar Austria to test demand in additional store locations as well as to provide innovative click and collect solutions at events such as festivals and concerts.

Interspar Austria has been a long-standing StrongPoint customer and has been using StrongPoint grocery lockers for several years. This year StrongPoint became a preferred supplier for Interspar Austria and SPAR International for grocery e-commerce technologies and in-store cash management solutions.

“This is fantastic news as it demonstrates that our grocery e-commerce solutions are being chosen by world-class grocery retailers. We are proud that Interspar Austria is scaling up their click and collect grocery locker solutions with StrongPoint and look forward to the results from the mobile locker to test new locations,” said Jacob Tveraabak, StrongPoint CEO.

The grocery lockers will be deployed in phases over 2022 and 2023 with the first installations expected this July.
