(Oslo, July 5, 2021) StrongPoint has today, following a tender process, signed a new agreement with Norwegian grocery retailer REMA 1000 to be the sole provider of cash management solutions over the next 5 years. REMA 1000 has indicated that the number of units needed will be in between 200 and 1,000 and the agreement includes the supply, installation, and support of StrongPoint's cash management solution CashGuard.

"We are proud to have won a tender by a leading grocery retailer and look forward to a successful roll-out. Cash is used significantly less in Norway than in other markets but retailers continue to see the need for efficient in-store cash management solutions that simplifies cash sales, reduces risk and frees up store staff to focus on customer service," said Jacob Tveraabak, CEO of StrongPoint ASA.
