

AQUA BIO TECHNOLOGY ASA

## Specification regarding expected results for 2024

14.2.2025 13:57:55 CET | Aqua Bio Technology ASA | Additional regulated information required to be disclosed under the laws of a member state

Aqua Bio Technology ASA ('ABT' or 'the Company') announced on February 12, 2025, that the negative result for 2024 is primarily due to significant impairments of goodwill related to the bankruptcy of its subsidiary, Skinteam Norge AS, as well as operating losses in two of the Group's subsidiaries.

ABT emphasizes that the majority of the operating losses in two subsidiaries in 2024 are due to significant and extraordinary impairments.

- The impairments position the group better to deliver shareholder value in the future,' says Fredrik William Henriksen.
