

## Nordic Unmanned ASA appoints new CFO

14.4.2023 08:00:00 CEST | Nordic Unmanned | Additional regulated information required to be disclosed under the laws of a member state

Nordic Unmanned ASA (the "Company") announces that Knut Stålen has been appointed interim CFO effective today. Mr. Stålen has more than 20 years of experience from CFO and management positions in scale-up companies and has been CEO of OwnersRoom AS the last three years. Mr. Stålen has held CFO positions at several publicly listed companies, including Trolltech AS, Mamut ASA and Next Biometrics Group ASA.

Trond Østerhus has held the role of CFO at Nordic Unmanned ASA since April 2021, and wishes to step down after two hectic years. Mr. Østerhus will ensure a good handover before he leaves the Company to pursue new opportunities.

"We thank Trond for his dedication, contribution and leadership and wish him all the best for the future. We have initiated the process for filling the position on a permanent basis and will use the time necessary to find the best candidate for the role." says Arne Roland, CEO of Nordic Unmanned ASA.

### About Nordic Unmanned

Nordic Unmanned is a leading provider of high-end drone and data capture products and flight services. Its NUTech business unit is an Original Equipment Manufacturer (OEM) for the drone and sensor product lines AirRobot and DroneMatrix, serving primarily defense, security, and productivity improvement markets. The Nordun business unit holds industry-leading expertise as an operator of rotary and fixed-wing drone systems, providing pollution monitoring, fishery control, surveillance, and logistics services. Clients include coast guards, intelligence services, and government agencies.

Nordic Unmanned has one of the world's most comprehensive permits to fly beyond visual line of sight (BVLOS), through its EASA-approved Light UAS operator Certificate (LUC). The company is ISO 9001-2015 and AS9100 certified for operating, maintaining, selling, developing, and producing unmanned systems and sensor technology.

Founded in Norway in 2014, Nordic Unmanned has offices in Sandnes (NO), Molde (NO), Odense (DK), Cranfield (UK), Hasselt (BE), Arnsberg (GER) and Baltimore (US).
