

Nordic Unmanned ASA appoints CFO

9.11.2023 22:30:00 CET | Nordic Unmanned | Additional regulated information required to be disclosed under the laws of a member state

Lars Andreas Landsnes has today been appointed CFO/COO in Nordic Unmanned ASA.

Lars Andreas Landsnes (b. 1967) has over the last few months been acting CFO in addition to holding the role as COO. Lars has been in the company since 2019.

“Nordic Unmanned is now refinanced, rightsized and revitalized, has a clear strategy focused on controlled and profitable growth, and is well positioned in the still emerging UAS products and services market in Europe. Given his in-depth knowledge of the company and his combination of operational and financial capabilities, he has been key in the process of steering the company and in driving continuous improvement.

I am therefore pleased that Lars has accepted the permanent role as CFO/COO as part of the leadership team in Nordic Unmanned” says Stig H. Christiansen, CEO of Nordic Unmanned ASA.

“I am proud to have been part of what the Nordic Unmanned team have achieved since I joined this local tech aviation company, which is working to take a leading position in the UAS industry, as COO in 2019. It’s been a pleasure working closely with Stig during the refinancing and revitalization process for the last 4 months, and I look forward to further contribute in his leadership team and be part of the team which shapes this industry”. says Lars A. Landsnes, CFO/COO of Nordic Unmanned ASA.

About Nordic Unmanned

Nordic Unmanned is a leading European manufacturer (OEM) and certified operator of unmanned aircraft systems (“UAS”).

We are serving large corporations, government agencies and security customers by offering systems, solutions and flight services for environmentally friendly delivery of productivity improvements and time critical, actionable data insights and logistics services.

Our solutions and services are organized in the three business segments as follows:

Flight Services: is a technology-agnostic flight services operator providing time-critical actionable data to large corporate and governmental customers. The segment also includes NUAer AS and Resale.

AirRobot: is an Equipment Manufacturer (OEM) with a leading product platform in lightweight drones and sensors (payloads) tailored for defense and security.

DroneMatrix: is an Equipment Manufacturer (OEM) offering a fully integrated and autonomous drone system with proprietary software for surveillance and security.

Nordic Unmanned is ISO 9001:2015 and ISO 14001:2015 certified for the operation, maintenance, and sales of unmanned systems and sensor technology. AirRobot is ISO 9001:2015 and EN 9100:2018 certified for its development and production capabilities of unmanned systems.

Founded in Norway in 2014, Nordic Unmanned has offices in Sandnes (NO), Cranfield (UK), Hasselt (BE) and Arnsberg (GER). Nordic Unmanned also comprise joint venture – Omni Unmanned SA with OHI Group SA (registered in Luxemburg) and joint venture – NUAer AS with Aeromon OY (registered in Norway).
