Magnora ASA capital distribution

17.7.2025 16:53:08 CEST | Magnora ASA | Additional regulated information required to be disclosed under the laws of a member state

On 17 July 2025, Magnora's Board of Directors approved a payment of NOK 0.187 per share.

The cash distribution is a regular quarterly dividend in the form of repayment of paid-in capital in excess of the par value of the Magnora share. The level is the same as in previous quarters.

The table below sets out the key dates for the payment.

Amount per share	NOK 0.187
Last day including right	21 July 2025
Ex-date	22 July 2025
Record date	23 July 2025
Payment date	28 July 2025

The decision is based on the authorisation by the Annual General Meeting held on 29 April 2025 to the Board of Directors to resolve dividends.

Magnora's substantial cash reserve and loan facilities remain sufficient to invest in new growth opportunities and continue to grow the business organically.

Financial strategy and dividend policy:

Magnora allocates capital to where the company expects a return well above the cost of capital. The capital structure is normally all equity based with substantial cash. Taking into account the need for growth capital and expected future cash flows, excess capital will normally be returned to the shareholders through dividend, repayment of paid-in capital or share buybacks with subsequent cancelling of shares. Such excess capital may include received earn-out payments related to past project sales, which upon receipt may lead to extraordinary dividend or capital return.
