Huddlestock Fintech AS has today published its 2024 Annual Report, approved yesterday, 6 May 2025, by the Board of Directors.

In his letter to the shareholders and stakeholders of the Company, Huddlestock's CEO, Leif Arnold Thomas, writes:

*"2024 was a transformative year for Huddlestock, marking our transition from a period of consolidation to clear strategic execution. We defined and began delivering on our three-pillar growth strategy. Our Consultancy business revised and refined its strategy and was strengthened through the launch of Visigon Managed Services, enhancing profitability and recurring revenue. Following year-end, we divested our Nordic IaaS platform to [Done.ai](#), unlocking growth capital while retaining a strategic exposure to future value creation. In Germany, we secured key partnerships with AVL and GIGA Broker, enabling a fast-track entry into one of Europe's most attractive financial markets. With a sharpened focus, strong partners, and scalable infrastructure Huddlestock is well-positioned to deliver long-term value and capitalize on rising demand for modern, tech-driven investment solutions".*
