

## Green Minerals AS: Q2 report

13.8.2024 08:00:00 CEST | Green Minerals AS | Additional regulated information required to be disclosed under the laws of a member state

Oslo, Norway - 13 August 2024 - Green Minerals AS ("the Company") is pleased to announce its Q2 2024 report. The report is attached to this release.

Green Minerals is a specialized deep-sea mining firm dedicated to the exploration and extraction of critical minerals crucial for driving the green transition. In May this year, Green Minerals nominated their priority areas for the upcoming licensing round in Norway. All our nominated priorities are included in the suggestion for announcement by the Ministry of Energy. The licensing round is scheduled to open in Q3, 2024.

The Q2 report, the slides from the presentation, and a recording of the webinar will be available on the Company's website [www.greenminerals.no](http://www.greenminerals.no)

### About Green Minerals AS

Green Minerals AS mission is to deliver minerals for the green energy transition in a responsible and sustainable manner through deep sea mining of key minerals and rare earth elements (REE). This significantly reduces the social and environmental costs found in terrestrial mining while at the same time solving a strategic need for EU and the USA.
