### About Green Minerals AS

Green Minerals AS is a pioneer in marine minerals on the Norwegian Continental Shelf. Our mission is to deliver minerals for the green energy transition in a responsible and sustainable manner, thereby lowering the environmental impact and reducing the social costs compared to onshore mining. The Company targets a NOK 1,000bn resource potential on the NCS and targets pilot production to commence in 2026. For more, visit [www.greenminerals.no](http://www.greenminerals.no)
