ABOUT THOR MEDICAL ASA

Thor Medical is a leading supplier of high-purity isotopes to the radiopharmaceutical industry. The Company's proprietary production platform combines advanced separation technology with industrial-scale manufacturing capacity to deliver a reliable, scalable and cost-efficient supply of alpha-emitting radioisotopes. Thor Medical supports radiopharmaceutical companies from early-stage development to commercialization enabling scale-up of next-generation targeted cancer therapies. Thor Medical's product portfolio includes lead-212 (Pb-212) and its precursor isotopes thorium-228 (Th-228) and radium-224 (Ra-224). Based on naturally occurring thorium, Thor Medical's production process requires neither irradiation nor nuclear reactors, providing significant cost advantages while minimizing radioactive waste. Guided by its vision to become a world-leading enabler for targeted cancer therapies, Thor Medical is committed to improving millions of lives by powering the next generation of precision cancer treatment with high-purity isotopes. Thor Medical is headquartered in Oslo, Norway, and listed on the Oslo Stock Exchange under the ticker symbol TRMED. For more information, visit www.thormedical.com.
